

Timing is Everything

A movie data analysis by Ahmed Safdar and Kate Christensen

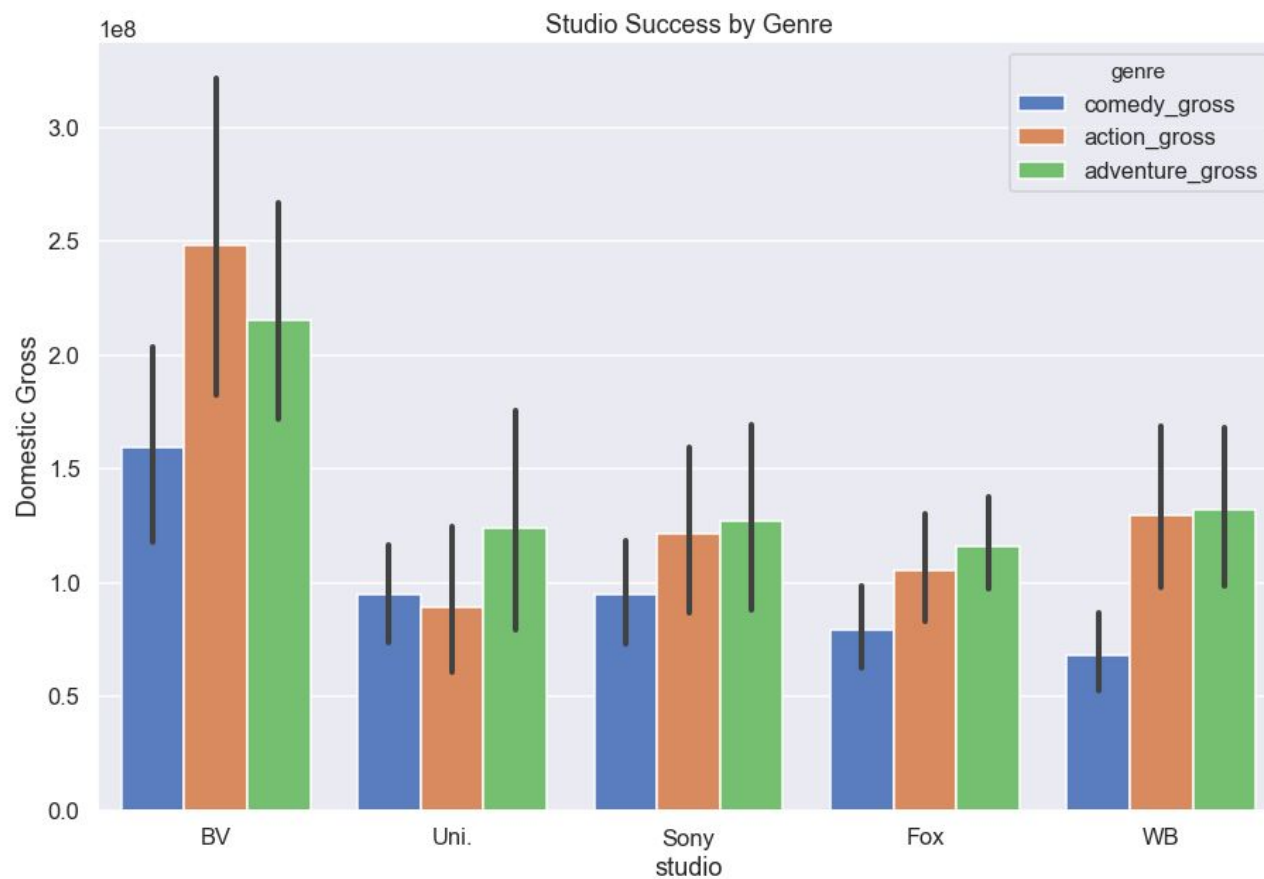

What impacts the success of your new movie studio?

Major factors we investigated:

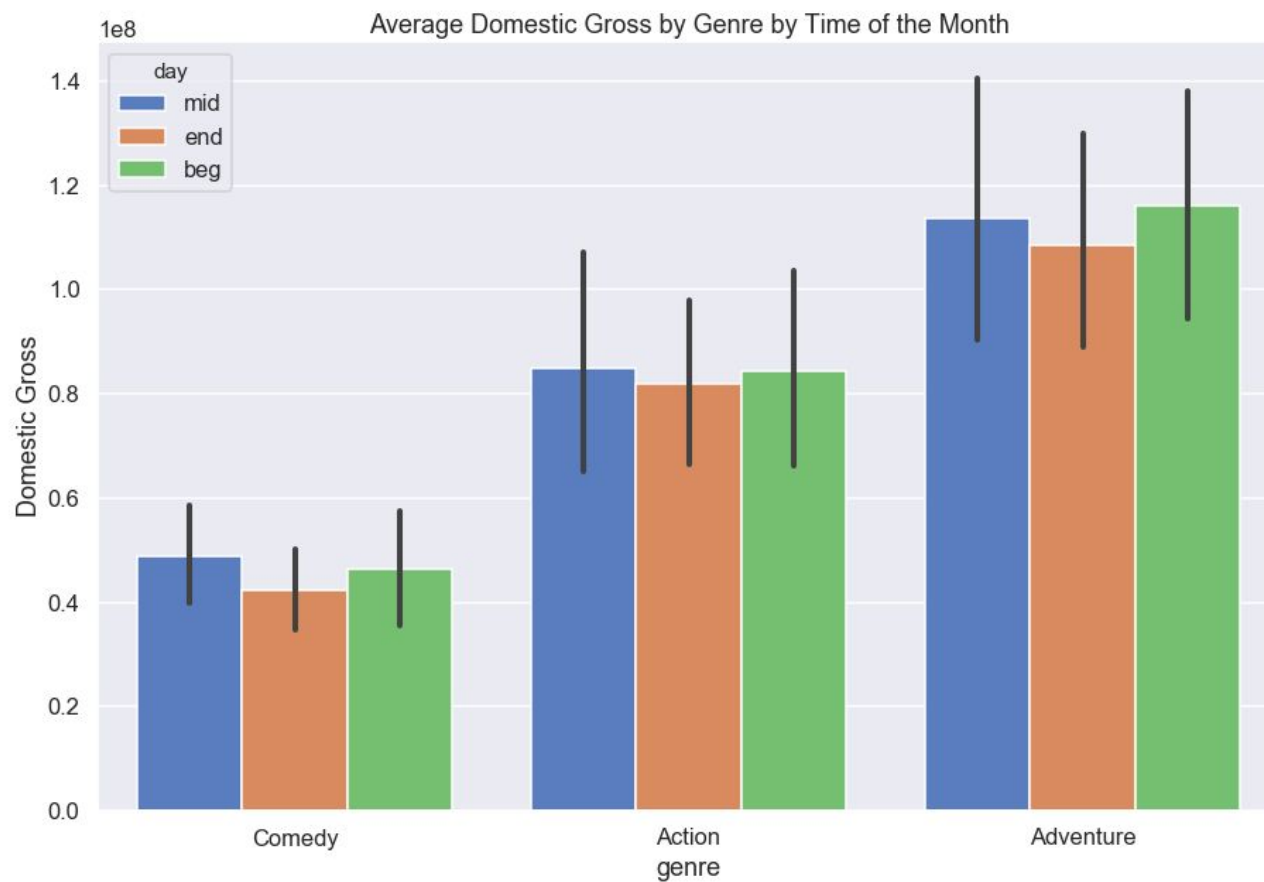

- Genre of the movie being produced
- Which studio you work with
- Month of release
- When in the month

Road to the graphs:

- Four datasets were merged for genre info, release date, domestic gross, movie titles
 - Unnecessary columns were removed
 - genre info was made more accessible
- Three most successful genres:
 - Adventure
 - Action
 - Comedy
- Five most successful studios:
 - Buena Vista
 - Universal
 - Sony
 - Fox
 - Warner Bros.

Recommendations:

- Make action or adventure movies
 - Plan A: Work with Buena Vista, create action movies
 - Plan B: Work with Warner Bros. create adventure movies
- Release action movie in May
- Release adventure movie in June
- Do not release your movie at the end of the month
